WORK EXPERIENCE

IT Support Specialist – WAP SYSTEM May 2022 – Dec 2022

- Assess and troubleshoot computer problems brought by students, faculty and staff.
- Collaborated with various stakeholders, including the student body, administrative staff, and instructors, to ensure proper functioning of devices.
- Maintain upkeep of computers, classroom equipment, and 55 printers across campus.

TECHNICAL EXTRACURRICULAR ACTIVITIES

Blog Web Application – Project March 2024 – Present

- Successfully designed and developed a full stack Blog website made with EJS, Nodejs, and Expressjs for the backend and PostgreSQL for the database.
- Successfully created a robust and user friendly website that allows users to seamlessly create and delete blog posts.

Weather App – Project Dec 2023 – Dec 2023

- Designed and developed a website using Express.js, Node.js, CSS and HTML5 for practicing API calls.
- Successfully created a robust and user-friendly Weather app system, demonstrating ability to fetch real-time data from OpenWeatherMap APIs.

Portfolio site – Project Sept 2024 – Sept 2024

- A responsive portfolio website to showcase my projects and skills, built using React and Bootstrap.

EDUCATION

- **Centennial College** – Toronto, ON May 2023 – Present

Diploma in Computer Science: 3.7 GPA
